## 130. HOMEWORK

### 1. Purpose

Homework assignments should complement the school instruction. The assignments should develop student responsibility, good study habits, and organizational skills. Homework assignments should provide practice and reinforcement of skills already presented by the teacher, broaden areas of interest through enrichment, provide an opportunity for parents to know their child is studying and encourage parent and child interaction.

### 2. Guidelines

Homework should not interfere with the proper development of the student's health, nor should it interfere with the student's assuming responsibilities in the home.

Homework is a positive approach in developing responsible study habits in students. Therefore, homework will not be assigned as a form of discipline.
