prepare student population projections when advisable, and compare the actual population figures to the previously projected figures to detect early for the benefit of the Board any changes in population trends.

In planning for the enlargement or modification of its facilities, the Board shall consider not only the number of children whose educational needs must be met, but also the physical requirements of the program it deems best suited to meet those needs.

Each school building and site shall provide suitable accommodations to carry out the educational program of the school including provision for the handicapped, pursuant to law and regulation.
